Dear Parent,

Thank you for your interest in Care For Kids, Inc., one of South Florida's exclusive childcare services. Care for Kids is a licensed, bonded, and insured agency. Both the agency and its caregivers are passionate about children. We take pride in referring only the most qualified childcare providers in the area.

For the past nine years, Care for Kids has collaborated closely with all the top elite resorts in the South Florida area. Together, we have established a superior relationship with these hotels to provide the vacationer with the most impeccable service available.

Care for Kids has maintained the same caregivers throughout the years, enabling clients and their child to establish a familiar and friendly rapport with their caregiver. The same childcare provider may be provided to our clients year after year, upon request.

All of our childcare providers have undergone a rigorous and extensive screening process conducted by licensed detectives. The caregivers are screened in over twenty different profile and criminal searches, as stated in detail under the staff section of this web site.

The highest of standards have been set to ensure that we make a difference in the lives of the children we care for by creating a safe, comfortable and enjoyable environment for them to experience. We know how difficult it may be to trust your most precious gifts with someone else. Care for Kids takes this privilege very seriously, and we look forward to making a difference in both your life and the life of your child.

Sincerely,

Pamela D. Bordman
President
